

Being a column in which the publisher just "blows off the steam" . . .

By JUNE JONES

BOB FOWLER, official at the Fred B. Moore Grain Company, was talking this week about how the city of Hamlin had come a long way toward taking care of the water drainage problems during the past several years. He was elated at the amount of curb and gutter and street paving work that had been done in recent months and hoped still more of the same could be accomplished in one way or another.

"Plans of the city to do curb and gutter work under the city engineer's supervision sound like good business to me," he said. He went on to reminisce with: "I remember when I was a kid a number of years ago, I went in swimming in water waist deep about in front of the C. C. Prater home on North Central Avenue after a big rain. The drainage situation since then has been improved a lot."

COMMENTING on the importance of a person having a purpose in life, a fellow from McCauley the other day verified this story:

Difference between a fellow with amnesia and a fellow with a purpose in life is that the one with amnesia doesn't know where he is going!

BOLL WEEVILS are mighty bad sometimes in this cotton country—but folks in other sections have their problems with their crops, too.

Take Pop and Mom Jones, for example: Last month, when they were down at the Lazy J ranch below Junction, they checked their pear crop and estimated they would harvest between 40 and 50 bushels of pears in August. They returned to the place again last week and gathered the complete crop—four and one-half bushels. The coons, possums and rock squirrels had harvested the balance for them during the past three weeks!

RAYMOND BYNUM, director of bands at McMurry College in Abilene, whom we knew in our younger days at Snyder, paid tribute to the young Hamlin students who attended the recent band and twirling school, in a letter to The Herald this week, which reads:

Last month McMurry College was host to a gathering of young people, including some from your community, at the seventh annual McMurry summer band and twirling school.

With the old idea of "You can't smell the flowers after you're dead" in mind, I want to compliment the whole group and the students from your town in particular. With so much attention on juvenile delinquency and what is wrong with our younger generation, maybe we ought to take note of some things that are right with our kids. I've got four of my own (not perfect) of whom I'm proud, and I find as long as wholesome activity such as we had at the band school is provided I do not worry about the bad.

From store-keepers on and off the McMurry campus, from the neighborhood theater manager, from the college dining hall staff and indeed from everyone who contacted this group of young people we heard nothing but praise.

Your students, along with the total of 376 young people from 65 other Texas communities who attended, made the direction of the band school a pleasure.

Your town, your band leader, your churches and your parents should feel proud that our Texas youths respond so beautifully to worthwhile activity. Their total behavior and response to our efforts gave us all a new hope for the future of our nation, when these young people will be sitting in your chair and mine and making the decisions that we are making today.

I hope you can pass this praise on to the adults of your community and let the boys and girls concerned know that we believe in them and are proud of them.

A BANK ACCOUNT is a wonderful thing, and everybody ought to have his or her own. These joint accounts are a lot of fun but present their problems. For example:

Their joint account's retarded by one persistent flaw: It's fast on the deposit.

But she's quicker on the draw!

ANOTHER IN THE SERIES of Mystery Farm Pictures being run by The Herald is shown above. First person, other than the owner and his family, to correctly identify the view will be given a one-year subscription to Your Home Town Paper. In order to give readers of the paper living on the rural routes an equal chance at the identifying, no answers will be accepted before 1:00 p. m. Friday, either in person or telephoning to the paper office. The original aerial picture will be presented to the owner by The Herald.

Piper Booster Group to Host Ice Cream Supper Tuesday

Boys, Coaches and Boosters Invited To Get-Together

High school athletes, new football coaches, Hamlin area boosters for athletics—and ice cream all over the place!

That's the program for next Tuesday evening at the oil mill guest house when the Hamlin Piper Booster Club will sponsor a second get-together for the boys and men of the community. To begin at 7:30 o'clock, the gathering also will mark the first official business session of the booster group according to Bill Harbert, president.

A previous meeting of similar nature, staged three weeks ago, was not too well attended because of so many conflicting attractions.

Plans of booster activities for the forthcoming football season will be made at the Tuesday evening get-together, it is announced. Also preliminary arrangements for the first annual homecoming of ex-students of Hamlin High School will be made at the Tuesday session. The homecoming will be staged October 14, when the Piper Pipers play the Spur Bulldogs in football.

Special attendants at the Tuesday get-together will be the three new high school coaches, Truman Nix, Jim Herridge and Harrel Blackman, high school football mentors, will be presented, and will make short talks.

Invited to attend the ice cream supper are all high school athletes, members of the booster club and any other men and boys of the community interested in helping to boost the athletic programs of Hamlin schools, according to Harbert.

Ice cream for the supper is being donated by concerns serving Hamlin, booster club officials say.

Two-Day Camp for County 4-H Boys and Girls Set Next Week

Numbers of Hamlin area 4-H Club boys and girls are scheduled to attend the annual joint Fisher-County County 4-H Club camp to be held next Tuesday and Wednesday at Luethers encampment grounds.

All 4-H Club boys and girls from both counties are eligible to attend this camp. Agents and adult leaders from both counties also will attend.

Included in the camp program, according to Bill Lehmborg, county agent, and James Lou Wainwright, county 4-H agent, will be swimming, costume party, volleyball, track, relays, horse show and washer pitching, ping-pong and crafts. A camp cook will be formed, and there will be group meetings on citizenship and safety.

NEW POLICE CHIEF for the City of Hamlin, E. B. (Buddy) Watson (above) will assume his duties Monday morning. He succeeds J. H. Foster, who had held the position for 14 years.

Major Remodeling in High School Library Nearing Completion

Major remodeling operations in the Hamlin High School library, now being completed this week, according to Superintendent I. R. H. Hingson, and the unit will present an entirely "new look" when the new school session opens next.

Shelving for the hundreds of books in the library has been refinished and placed in convenient and accessible arrangements all through the room, where students may select their own books. Formerly the librarians retained the books from private shelves. New oak tables and chairs, venetian blinds and air conditioners are other additions to the library.

NORTH SQUAD ON THE MARCH—Jim Miller, Abilene, halfback on the North squad, goes around end for a first down in the Texas High School All-Stars Game at San Antonio. David Harris of San Antonio, No. 85 in the back-ground, moves in for the tackle. The teams tied, 25-25. The tilt was witnessed by Hamlin's three High School coaches.

Texas Cotton Crop For 1955 Estimated At 3,990,000 Bales

Texas' cotton crop for 1955 was estimated Monday at 3,990,000 bales, slightly under 1954's crop of 3,923,000 bales but better than the 10-year average of 3,255,000 bales.

The U. S. Department of Agriculture's first forecast of 1955 cotton production was based on August 1 conditions. The figure for the nation was 12,728,000 bales.

The department said lack of moisture during the spring and summer sharply reduced the dry land crop in the Texas coastal bend in the southern blacklands and South Central area.

In all other Texas areas prospects were described as very good. The West Texas crop is in especially good shape.

Forecast was that Texas production this year will average 278 pounds per acre. The crop was judged only 79 per cent of normal.

ASC Committeemen to Be Named for Jones County in Balloting by Producers

Community committeemen for the Jones County Agricultural and Conservation (ASC) committee for the coming year will be named by farmers and ranchers of Jones County during the coming week, it is announced by W. H. Cook, ASC committee chairman. Ballots are being mailed this week to

Record Enrollment Hit for First Week At DePriest School

Record enrollment of 134 was tabulated the first few days at DePriest Colored School, according to E. S. Morgan, principal. This compares with an enrollment of 109 at the same period last year.

School was started Monday, and will be dismissed for about three weeks later when the cotton picking season gets into full swing, the principal announces.

Partly responsible for the increased enrollment this year is the addition of 15 high school students from Rotan for the first time. A special bus brings the group from that city 22 miles to the west. High school students also are coming from Aspermont in a bus that has operated for the past few years.

A third bus is being operated in the territory south to Neida, thence northeast to Tuxedo and back to Hamlin.

There are 34 students in high school this year so far, Morgan says. Five are seniors, 10 are juniors, 10 are sophomores and nine are freshmen.

Ed Croan Assumes Winn's Manager Post

Ed Croan this week officially became new manager of the Winn Variety Store at Hamlin. He succeeds Cliff Switzer.

Croan has been at the local store for several weeks familiarizing himself with the store. He came here from Denton. Previous to his connection with the Woolworth stores for seven years. He and his wife and their 14-month-old daughter, Donnieta, have moved here.

Switzer left Monday to become manager of the new Winn store at Graham, where formerly two smaller stores were located. Mrs. Switzer and two children will move to Graham as soon as housing can be arranged.

All known voters for use in the election.

Ballots are to be returned to the ASC office at Anson not later than August 18, Cook advises.

There will be a chairman, vice chairman, regular member, first alternate and second alternate elected in each of the county's four communities. The boundaries of Communities A, B, C and D are the same as those for Commissioner Precincts 1, 2, 3 and 4, respectively.

A producer is eligible to vote in the community in which his farming interest is located. A producer may, however, vote in only one community even though he may have farming interests in two or more communities.

Following is a list of nominees whose names will appear on the ballots:

Community A—Ronnie R. DeBusk, Charles E. Gregory, Eddie A. Hewett, Audrey B. Hodnett, Willie M. Holloway, Travis Hubbard, Mose T. Jones, James E. McCoy Jr., Fred Rosenbaum and Ira Treadwell.

Community B—Johnny M. Hansen, James L. Norman Jr., Bert Johnson, Luther M. Larson, Kenneth G. Martin, James D. Lovorn, Erland V. Olson, Okey F. Richards, Robert L. Thane and Weldon F. Walker.

Community C—Brad R. Doty, Franklin Godfrey, Merreck D. Harvey, Robert E. Manly, Terry C. Mims, Harvey H. Rowland, Charles G. Smith, G. C. Spurrier, Young G. Walker and George R. Young.

Community D—Samuel E. Dean, Oliver H. Foy, Keber A. Goza.

EVANGELIST for an eight-day series of revival services at the Sunset Baptist Church, located across the street east of Hamlin Junior High School, beginning Sunday will be Rev. W. A. Thomas of Jacksonville (above). Services are slated at 10:00 a. m. and 7:30 p. m.

LUCKY GOAT—"Peeping Tom", an angora goat which got to pose with Miss Mohair of 1955, was the envy of the herd at Sonora. Nancy Bryan Hunt, 16, Sonora High School senior, was named Miss Mohair of 1955 by a panel of judges to represent the industry for the coming year. She is the daughter of ranchers Mr. and Mrs. Bryan Hunt. Nancy owns goats, sheep, cattle and horses in a ranch venture undertaken with her brother, James T. Hunt.

Final Street Paving Estimate Approved

Approval of the final estimate for street paving in Hamlin was given when the City Council met in regular monthly business session Tuesday night. The estimate was for about \$7,000 on the total paving bill of \$82,000-plus for work done since last fall by C. & C. Asphalt Paving Company of Colorado City.

Crews of the paving concern were in town last week-end doing some repairs and cleaning up of areas that were necessary before the final estimate was approved by City Engineer Roy L. Dunlap.

An order directing city police to make arrests of persons entering the new swimming pool at the City Park after it has been closed for the night was passed. Unlawful entry of the pool has been reported several times recently, it was revealed.

A two-week vacation pay for J. H. Foster, retiring police chief, was voted by the city business group.

An ordinance extending the basic city service billing area for Southwestern Bell Telephone Company in the south part of Hamlin was voted. The extension will provide lower telephone rates for about a dozen phone users, phone company officials pointed out.

Plans for conducting the annual chest x-ray program in Jones County were made Friday morning when representatives of the Jones County Tuberculosis Association met with Phillip Gauss of the State Department of Health. The session was held at Anson.

Arrangements were made for a mobile x-ray unit to visit Stamford, Anson and Hamlin about the first of October.

Those from Hamlin attending the Anson conference were Mrs. Joe B. Stephens, Mrs. A. R. Hackley and Mrs. E. M. Wilson.

Moisture to Mean Big Difference in Crop Revenues

Good rains during the next 10 days—or lack of them—will mean the difference between thousands of bales of cotton to farmers of the Hamlin section, especially in the areas east and north of Hamlin.

This was the consensus of opinion of farmers, ginners and others who are "old-timers" at the job of cotton raising. Never has the crop, which has been promising to be the best for the area in six years, been in a more critical stage.

The early cotton, which makes up probably 70 per cent of the acreage in the region, got off to a good start with early spring and summer rains, but since practically no showers have fallen in the area north and east of town since the middle of June, the cotton plants have been trying to bloom and develop cotton without appreciable moisture. The hot weather of the past several days is taking a terrible toll in partly developed bolls.

A hopeful note still persists among growers and others that rains will come during the next several days to save much of the crop. Such a rain would mean thousands of dollars of revenue to the region.

Some cotton is beginning to open in the Hamlin section. One local ginner expressed the belief that the first bale for the season would come to town within the next 10 days. Several farmers, he said, have declared they will try to harvest the initial bale of the fleece.

Field House Erected at Junior High School

Workmen are busy putting the finishing touches on a new field house north of the Junior High School building in Northwest Hamlin, and it will be ready for use by September 1, according to Superintendent I. R. Hingson.

Constructed of heavy concrete blocks, the new structure will provide dressing rooms, showers and other facilities for athletic teams. The gymnasium at Junior High has been used for high school games, and adequate dressing room facilities were not available.

E. F. Fairley, building contractor, has the contract for the new structure.

Pre-School Course for Band Members Slated

Pre-school band training for members of the Hamlin High School and Junior High School bands will begin Monday morning, it is announced this week by Jess Parrish, director. More than 100 musicians are scheduled to participate in the week of special classes, the director estimates.

The sessions will be conducted at the high school band room, under high band leader's assembling at 5:00 a. m. and the high school group meeting at 10:30 o'clock.

Who's New This Week

Two new arrivals have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Both girls, they are:

A girl for Mr. and Mrs. Lloyd Sweatt of Aspermont was born August 8 at 4:30 a. m. Weighing seven pounds five ounces, she has been named Deborah Catherine.

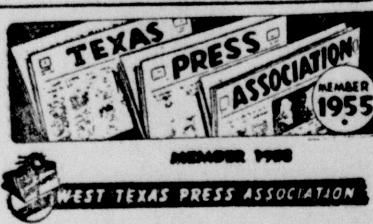

A girl for Mr. and Mrs. Bill Cook of Hamlin arrived August 9 at 6:10 p. m. After tipping the scales at six pounds six and one-half ounces, she accepted the name Mary Ann.

SHALL OUR LITTLE CITY CONTINUE TO PAVE?

While the recently promoted street paving program in the City of Hamlin was disappointing to city officials and others, a great improvement in the appearance of this north-west Jones County metropolis has resulted from the campaign. Drainage of several sections of objectionable water accumulations also have been effected that will do much toward cleaning up some former lobby-lollies that were unsightly and unsanitary.

It is regrettable that there were enough people who opposed the paving program for one reason or another to prohibit hundreds of others from taking advantage of the paving program. For example, if, say nine citizens in a block wanted the paving and one dissenting property owner did not want it, in most instances the nine were denied the advantages of the improvement. Because of the very flat topography of our city, it was not deemed feasible by the city engineer and the paving contractor to do paving on a hop-skip-and-jump method which would not offer proper drainage.

Since the completion of the paving contract by the Colorado City contractors for the paving project, numbers of citizens are insisting that another method toward paving be arranged by the city. This proposal is that the city purchase curb and gutter forms

for one block on both sides, set the forms under the city engineer's supervision to assure proper drainage and overall practicability, then have local cement contractors do the cement work. With this program in operation, the property owner would pay only for his curb and gutter as a starter. Then city crews would work the streets over a period of months with caliche and proper contouring in preparation for later hard surfacing. Then when the street was ready for surfacing, the property owner would be asked to pay for the surfacing. Under such a program, which has been discussed favorably by members of the City Council, costs would be staggered.

A continued paving program for the city is feasible, it is economy and certainly it is needed for drainage, dust prevention, safety and appearance.

It is pointed out by proponents of the new plan that by the city carrying on the paving project by piece-meal, more citizens would be able to participate inasmuch as costs would be stretched over a period of several months. The street work could be tied in with present maintenance with regular crews in most instances.

An enterprising, civic-minded citizenship will rally to the support of a continued street paving program as a matter for progressiveness and economy.

RECALLING Other Years

★ Being news items taken from old files of Your Home Town Newspaper The Herald

TWENTY YEARS AGO.

Goings-on in the Hamlin community 20 years ago included the following, reproduced from the issue of The Hamlin Herald dated August 9, 1935:

Strauss Dry Goods Company advertised the following items: Silk hose, 29 cents per pair; cotton prints, 14 cents per yard; men's shoes \$1 to \$1.98 per pair. Culbertson-Fraser Motor Company a new Ford V-8 in your garage in syndicate payment.

Two Hamlin boys who are employed at Washington, D. C., are spending their vacations at home. They are T. C. Arnett, son of Mr. T. C. Arnett, son of Mr. connected with the AAA; and Preston Phenix Jr., son of Mr. and Mrs. Preston Phenix, who is employed by a transportation concern. Another Hamlin boy, Parker (Snooky) May, will have his vacation later, the visitors say.

Charles Prater, son of Mr. and Mrs. C. C. Prater of Hamlin, will leave soon for Washington, D. C., where he will join thousands of other Boy Scouts of the country for the annual Jamboree.

Myrtle Lee Cohorn returned last week from Baylor University Hospital in Dallas, where she took a course in surgery. She is preparing for a career as surgical supervisor or surgeon's assistant.

TEN YEARS AGO.

Among items of interest in the Hamlin territory 10 years ago were the following news briefs, taken from the issue of The Hamlin Herald dated August 10, 1945:

Rev. and Mrs. J. T. Crawford of O'Donnell arrived this week to make their home in Hamlin after his acceptance of the pastorate of the Church of the Nazarene. He replaces Rev. Dan D. Jones, who has accepted a pastorate at Artesia, New Mexico.

Norma LaVerne Hopper, daughter of Mr. and Mrs. E. B. Hopper, of the radio community, was drowned Thursday afternoon in a farm tank west of Hamlin. She was visiting relatives in the Union community at the time of the accident.

Private Raymond Elkins is in Hamlin visiting his parents. He is on leave from a Naval hospital in California, where he is recovering from wounds sustained in the Marines' operations on Okinawa Island in the Pacific.

Frances Louise Jenkins, daughter of Mr. and Mrs. E. L. Jenkins, and Bobby Edward Rogers, son of Mr. and Mrs. George Rogers, were married Sunday evening, July 22, at the home of Rev. B. J. Martin.

FIVE YEARS AGO.

Among items of news interest in the Hamlin community five years ago were the following, reproduced from the issue of The Hamlin Herald dated August 11, 1950:

Dorothy Gene Huling, daughter of Mr. and Mrs. Ray Huling, and Tommy Dale Richey, son of Mr. and Mrs. R. R. Richey, were married Friday at the home of the bride's parents.

Major Harold S. Johnson, former resident of Hamlin has taken an active part in German youth activities while assigned to the engineer department of the Army at Hanau, Germany, according to Army releases to The Herald.

Extensions at the Hamlin High School football stadium have been completed except for the lumber for the seats. The steel framework was finished this week. The seating at the stadium has been doubled by the recent additions.

Over 50 boys of the community have shown interest in football at Hamlin High School this season, according to Coaches Jess Burditt and Vernon Townsend.

Edith Ann Scott is now at home with her parents, Mr. and Mrs. O. G. Scott following completion of her work at Texas State College for Women at Denton.

Mr. and Mrs. Eddie Jay and children attended the annual Jay family reunion Saturday and Sunday at Buffalo Gap.

ONE YEAR AGO.

Among items of general interest in the Hamlin community a year ago included the following, which are reproduced from the issue of The Hamlin Herald dated August 13, 1954:

Water supply of Hamlin is not endangered by a suit that has been brought by a Midland owner of land occupied by the Paint Creek Lake, from which Stamford and Hamlin are getting their domestic water.

Because of increased needs for city operating funds as a result of the loss of the water and sewer revenues, which have been pledged to retire the big \$800,000 bond issue for water improvements,

Sheep Producers Of Fisher County Vote on Deductions

Fisher County sheep producers will vote in a national referendum on a move to deduct payments from sheep sold in the next few years to finance an advertising and promotional campaign designed to improve the wool and lamb market, according to Marjorie M. Smart, Fisher County ASC office manager at Roby.

Ballots will be mailed out to all known sheep producers in the county. Anyone not receiving a ballot is urged to contact the local ASC office for a ballot. The producer may cast his ballot either by returning by mail or by bringing it into the ASC office any time up to and including August 19, it is pointed out.

The referendum is an outgrowth of an agreement between the American Sheep Producers Association and the secretary of agriculture.

If the agreement is approved, deduction rates for the 1955 marketing year will be one cent a pound on shorn wool, and five cents per 100 on lambs and yearlings moved to market with the wool now. Deductions in each of the three subsequent marketing years would be set by Secretary Ezra Benson and the council. The agreement will not become effective unless approved on a national basis by producers who own at least two-thirds of the total number of sheep and lambs owned by all those voting in the referendum.

Each producer must designate on this ballot the number of animals in his herd. Miss Smart said this information will be kept strictly confidential and will not be subject to inspection for tax purposes.

Any person who has had an ownership interest in sheep or lambs six months of age or older, continuously for any one period of 30 consecutive days since January 1 is eligible to vote.

Ownership of mohair or Angora goats will not qualify a producer to vote in the referendum.

When somebody offers advice, the first test is whether he or she has a selfish interest in your reaction.

Lewis Madden Helps Start Celotex Plant

Mr. and Mrs. Lewis Madden and son, Mark, returned to their home in Hamlin this week after an eight-week stay at Fort Clinton, Ohio. The Maddens report an enjoyable time while at Fort Clinton, which is in the heart of Ohio's vacationland.

While in Ohio, Madden was helpful in getting the Celotex Corporation's new plant into operation. He is connected with the Hamlin plant of the Celotex concern.

Color Television to Be Feature at State Fair

Color television will be a spectacular new feature of the 1955 State Fair of Texas, October 7 through 23.

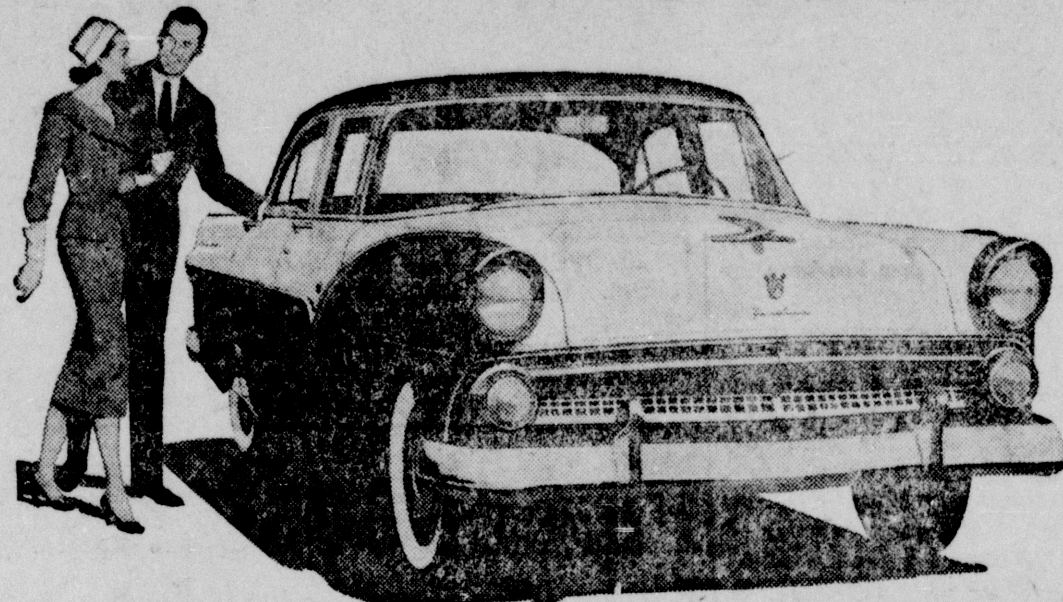

The only mobile unit for color TV in the world today—built and operated by the Radio Corporation of America—will be based at the fair throughout the 16 days and 17 nights of the 1955 exposition.

Many people will have an opportunity to see for the first time with their own eyes the wonders and beauty of this latest electronic marvel.

Cost of Medical Care

Human nature being what it is, people will complain about paying a comparatively modest sum for something they do not enjoy but must have—and will cheerfully spend much more for something they want but do not urgently need.

The cost of medical care is certainly a fine case in point. At regular intervals we hear bitter criticism of the bills charged by doctors and hospitals and pharmacists. An uninformed person might conclude that these costs are one of the very biggest budget problems in the life of the average person.

Well, it just isn't so—as a brief pictorial chart published in the June issue of Medical Economics, based on Department of Commerce estimates, proves.

Each year we spend \$1,600,000,000 for drugs—and \$2,600,000,000 for items involved in personal care, such as hair lotions and toilet waters.

Each year we spend \$2,600,000,000 in hospitals—and nearly twice as much, or some \$5,300,000,000, for tobacco.

Each year we spend \$2,800,000,000 for physicians' services—and well over three times as much, \$8,800,000,000, on alcoholic drinks.

Each year we spend \$2,900,000,000 for health care other than that mentioned above—and over four times as much, \$11,990,000,000, on recreation.

The fact that we have more fun smoking or drinking or playing games than in visiting the doctor should not be allowed to warp our attitude toward the facts.

Are You Lukewarm?

Lukewarmness indicates indifference. It strikes a death-blow to our highest usefulness. Half-heartedness paralyzes effort. Lukewarmness robs us of our charm. The most unattractive people are those who are lukewarm—without enthusiasm, and a person without enthusiasm is a dead-weight to God and to man.

Because of the devastating effect of lukewarmness, churches, civic organizations and lodges urgently demand that every member be regular in attendance. Lukewarmness and inactivity have no place in good organizations. Just as the membership of any group are doers so is that organization effective and useful.

What Is Happiness?

Happiness is a rebound from hard work. One of the follies of man is to assume that he can enjoy mere emotion. As well try to eat beauty.

Happiness must be tricked. She loves to see men work. She loves sweat, weariness, self sacrifice. She will not be found in the palaces, but lurking in corn fields and factories—and hovering over littered desks. She crowns the unconscious head of the busy child.

Editorial of the Week

PROTECTING RESPONSIBLE MOTORISTS

Despite the number of different laws in the various states that require motorists to carry insurance or providing stiff penalties against those who do not, in most of the states in the union, irresponsible motorists are still causing heavy human and physical damage without having to compensate for their acts.

Since most motorists drive through a number of states over a period of time, the problem is almost a national one. Although the effort to require motorists to carry insurance is supported by a large and growing number of people, the various states have not yet come up with this solution and, therefore, the highways are filled with irresponsible drivers who do not have the financial means to compensate for the destruction they may at any time cause.

This is a problem which should be solved. If the various state Legislatures do not wish to pass laws requiring motorists to carry insurance, then they should pass some sort of law which would protect the victim of irresponsible motorists. There is no reason why any citizen should be allowed to take the highway with a machine which might cause both death and destruction in irresponsible hands when he has neither the means nor the insurance to compensate for destruction which he might cause.

This problem is not akin to the problem of normal crimes. Crimes cannot be predicted, nor are citizens given wholesale permits to carry guns and permission to shoot them at will.

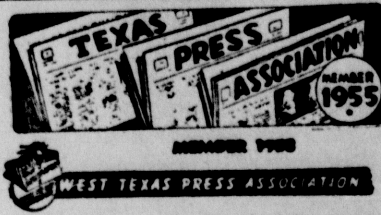

However, the motorist is given a license to operate a vehicle which can cause death, and if society is going to permit citizens to obtain these permits rather freely, it has the responsibility to protect those who fall victim to its misuse.—The Anson Observer.

 person or firm appearing in these columns will be cor-
 rected, gladly and promptly, upon its being brought to
 the attention of the management.

SHALL OUR LITTLE CITY CONTINUE TO PAVE?

While the recently promoted street paving program in the City of Hamlin was disappointing to city officials and others, a great improvement in the appearance of this north-west Jones County metropolis has resulted from the campaign. Drainage of several sections of objectionable water accumulations also have been effected that will do much toward cleaning up some former lobby-lollies that were unsightly and unsanitary.

It is regrettable that there were enough people who opposed the paving program for one reason or another to prohibit hundreds of others from taking advantage of the paving program. For example, if, say nine citizens in a block wanted the paving and one dissenting property owner did not want it, in most instances the nine were denied the advantages of the improvement. Because of the very flat topography of our city, it was not deemed feasible by the city engineer and the paving contractor to do paving on a hop-skip-and-jump method which would not offer proper drainage.

Since the completion of the paving contract by the Colorado City contractors for the paving project, numbers of citizens are insisting that another method toward paving be arranged by the city. This proposal is that the city purchase curb and gutter forms

for one block on both sides, set the forms under the city engineer's supervision to assure proper drainage and overall practicability, then have local cement contractors do the cement work. With this program in operation, the property owner would pay only for his curb and gutter as a starter. Then city crews would work the streets over a period of months with caliche and proper contouring in preparation for later hard surfacing. Then when the street was ready for surfacing, the property owner would be asked to pay for the surfacing. Under such a program, which has been discussed favorably by members of the City Council, costs would be staggered.

A continued paving program for the city is feasible, it is economy and certainly it is needed for drainage, dust prevention, safety and appearance.

It is pointed out by proponents of the new plan that by the city carrying on the paving project by piece-meal, more citizens would be able to participate inasmuch as costs would be stretched over a period of several months. The street work could be tied in with present maintenance with regular crews in most instances.

An enterprising, civic-minded citizenship will rally to the support of a continued street paving program as a matter for progressiveness and economy.

Cost of Medical Care

Human nature being what it is, people will complain about paying a comparatively modest sum for something they do not enjoy but must have—and will cheerfully spend much more for something they want but do not urgently need.

The cost of medical care is certainly a fine case in point. At regular intervals we hear bitter criticism of the bills charged by doctors and hospitals and pharmacists. An uninformed person might conclude that these costs are one of the very biggest budget problems in the life of the average person.

Well, it just isn't so—as a brief pictorial chart published in the June issue of Medical Economics, based on Department of Commerce estimates, proves.

Each year we spend \$1,600,000,000 for drugs—and \$2,600,000,000 for items involved in personal care, such as hair lotions and toilet waters.

Each year we spend \$2,600,000,000 in hospitals—and nearly twice as much, or some \$5,300,000,000, for tobacco.

Each year we spend \$2,800,000,000 for physicians' services—and well over three times as much, \$8,800,000,000, on alcoholic drinks.

Each year we spend \$2,900,000,000 for health care other than that mentioned above—and over four times as much, \$11,990,000,000, on recreation.

The fact that we have more fun smoking or drinking or playing games than in visiting the doctor should not be allowed to warp our attitude toward the facts.

Are You Lukewarm?

Lukewarmness indicates indifference. It strikes a death-blow to our highest usefulness. Half-heartedness paralyzes effort. Lukewarmness robs us of our charm. The most unattractive people are those who are lukewarm—without enthusiasm, and a person without enthusiasm is a dead-weight to God and to man.

Because of the devastating effect of lukewarmness, churches, civic organizations and lodges urgently demand that every member be regular in attendance. Lukewarmness and inactivity have no place in good organizations. Just as the membership of any group are doers so is that organization effective and useful.

However, the motorist is given a license to operate a vehicle which can cause death, and if society is going to permit citizens to obtain these permits rather freely, it has the responsibility to protect those who fall victim to its misuse.—The Anson Observer.

RECALLING Other Years

★ Being news items taken from old files of Your Home Town Newspaper The Herald . . .

TWENTY YEARS AGO.

Goings-on in the Hamlin community 20 years ago included the following, reproduced from the issue of The Hamlin Herald dated August 9, 1935.

Strauss Dry Goods Company advertised the following items: Silk hose, 29 cents per pair; cotton prints, 14 cents per yard; men's shoes \$1 to \$1.98 per pair.

Culbertson-Fraser Motor Company a new Ford V-8 in your garage in and out of town, repairs and Hamlin as down payment.

Two Hamlin boys who are employed at Washington, D. C., are spending their vacations at home. They are T. C. Arnett, son of Mr. T. C. Arnett, son of Mr. connected with the AAA; and Preston Phenix Jr., son of Mr. and Mrs. Preston Phenix, who is employed by a transportation concern. Another Hamlin boy, Parker (Snooky) May, will have his vacation later, the visitors say.

Charles Prater, son of Mr. and Mrs. C. C. Prater of Hamlin, will leave soon for Washington, D. C., where he will join thousands of other Boy Scouts of the country for the annual Jamboree.

Myrtle Lee Cohn returned last week from Baylor University Hospital in Dallas, where she took a course in surgery. She is preparing for a career as surgical supervisor or surgeon's assistant.

TEN YEARS AGO.

Among items of interest in the Hamlin territory 10 years ago were the following news briefs, taken from the issue of The Hamlin Herald dated August 10, 1945:

Rev. and Mrs. J. T. Crawford of O'Donnell arrived this week to make their home in Hamlin after his acceptance of the pastorate of the Church of the Nazarene. He replaces Rev. Dan D. Jones, who has accepted a pastorate at Artesia, New Mexico.

Norma LaVerne Hopper, daughter of Mr. and Mrs. E. R. Hopper, of the Mastrocco community, was drowned Thursday afternoon in a farm tank west of Hamlin. She was visiting relatives in the Union community at the time of the accident.

Private Raymond Elkins is in Hamlin visiting his parents. He is on leave from a Naval hospital in California, where he is recovering from wounds sustained in the Marines' operations on Okinawa Island in the Pacific.

Frances Louise Jenkins, daughter of Mr. and Mrs. E. L. Jenkins, and Bobby Edward Rogers, son of Mr. and Mrs. George Rogers, were married Sunday evening, July 22, at the home of Rev. B. J. Martin.

FIVE YEARS AGO.

Among items of news interest in the Hamlin community five years ago were the following, reproduced from the issue of The Hamlin Herald dated August 11, 1950:

Dorothy Gene Huling, daughter of Mr. and Mrs. Ray Huling, and Tommy Dale Richey, son of Mr. and Mrs. R. R. Richey, were married Friday at the home of the bride's parents.

Major Harold S. Johnson, former resident of Hamlin has taken an active part in German youth activities while assigned to the engineer department of the Army at Hanau, Germany, according to Army releases to The Herald.

Extensions at the Hamlin High School football stadium have been completed except for the lumber for the seats. The steel framework was finished this week. The seating at the stadium has been doubled by the recent additions.

Over 50 boys of the community have shown interest in football at Hamlin High School this season, according to Coaches Jess Burditt and Vernon Townsend.

Edith Ann Scott is now at home with her parents, Mr. and Mrs. O. G. Scott following completion of her work at Texas State College for Women at Denton.

Mr. and Mrs. Eddie Jay and children attended the annual Jay family reunion Saturday and Sunday at Buffalo Gap.

ONE YEAR AGO.

Among items of general interest in the Hamlin community a year ago included the following, which are reproduced from the issue of The Hamlin Herald dated August 13, 1954:

Water supply of Hamlin is not endangered by a suit that has been brought by a Midland owner of land occupied by the Paint Creek Lake, from which Stamford and Hamlin are getting their domestic water.

Because of increased needs for city operating funds as a result of the loss of the water and sewer revenues, which have been pledged to retire the big \$800,000 bond issue for water improvements,

Sheep Producers Of Fisher County Vote on Deductions

Fisher County sheep producers will vote in a national referendum on a move to deduct payments from sheep sold in the next few years to finance an advertising and promotional campaign designed to improve the wool and lamb market, according to Marjorie M. Smart, Fisher County ASC office manager at Roby.

Ballots will be mailed out to all known sheep producers in the county. Anyone not receiving a ballot is urged to contact the local ASC office for a ballot. The producer may cast his ballot either by returning by mail or by bringing it into the ASC office any time up to and including August 19, it is pointed out.

The referendum is an outgrowth of an agreement between the American Sheep Producers Association and the secretary of agriculture.

If the agreement is approved, deduction rates for the 1955 marketing year will be one cent a pound on shorn wool, and five cents per 100 on lambs and yearlings moved to market with the wool now. Deductions in each of the three subsequent marketing years would be set by Secretary Ezra Benson and the council. The agreement will not become effective unless approved on a national basis by producers who own at least two-thirds of the total number of sheep and lambs owned by all those voting in the referendum.

Each producer must designate on this ballot the number of animals in his herd. Miss Smart said this information will be kept strictly confidential and will not be subject to inspection for tax purposes.

Any person who has had an ownership interest in sheep or lambs six months of age or older, continuously for any one period of 30 consecutive days since January 1 is eligible to vote.

Ownership of mohair or Angora goats will not qualify a producer to vote in the referendum.

When somebody offers advice, the first test is whether he or she has a selfish interest in your reaction.

Color Television to Be Feature at State Fair

Color television will be a spectacular new feature of the 1955 State Fair of Texas, October 7 through 23.

The only mobile unit for color TV in the world today—built and operated by the Radio Corporation of America—will be based at the fair throughout the 16 days and 17 nights of the 1955 exposition.

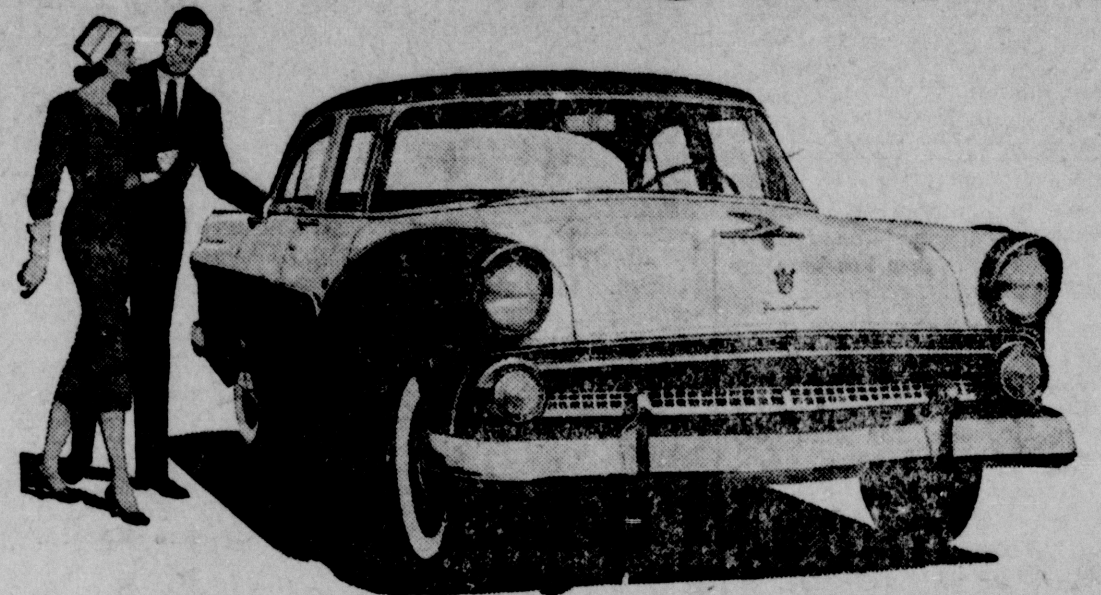

Many people will have an opportunity to see for the first time with their own eyes the wonders and beauty of this latest electronic marvel.

Young Evangelist Speaks on Symbols At Lions Luncheon

"Christian Symbols" was the topic of an interesting talk by Jimmy Glasscock, young evangelist of the Methodist Church, when he spoke at the Tuesday noon luncheon of the Hamlin Lions Club at the oil mill guest house.

Young Glasscock, a junior ministerial student at McMurry College in Abilene, is leading in a youth revival this week at the First Methodist Church.

Glasscock pointed out how the various symbols of the cross had been used for centuries, not only in religious aspects but in those of love, peace, medicine, etc. He went on to trace various other symbols of vital importance to the every-day life of people, especially to Christians. He cited the symbols of civic clubs, lodges, churches and other groups. Highlight of his talk focused attention on the symbols that have been used to represent the three beings of the holy trinity.

Ed Croan was presented as a special guest of the club. He was formerly a member of the Denton

John Norton on Way To Germany Station

Airman Third Class John E. Norton, son of Rev. and Mrs. Joe Norton of Hamlin, flew August 2 to New York following a 30-day leave with homefolks. After processing there he will be stationed in Lautstuhl, Germany.

Young Norton has just completed a course in reciprocal engines at Chanute Field near Rantoul, Illinois, where he received a certificate of award for leading his class.

New Furniture Placed In Schools at Hamlin

Number of new pieces of furniture are being installed in the Hamlin Schools, according to Superintendent I. R. Huchingson.

New oak tables and chairs have been placed in the revamped library at high school. Sixty new combination desk-chair units will go into service at the high school, and 16 of these were placed in the sixth and seventh grade room at DePriest Colored School.

Lions Club, and expects to transfer to the Hamlin club. Croan is new manager of the Winn Variety Store in Hamlin.

Matt Downey Dies Tuesday on Place Of Heart Attack

Matt Downey, retired farmer of the Neinda community, south of Hamlin, succumbed to a heart attack Tuesday morning about 7:00 o'clock at the family home at Neinda. He had not been ill, and the end came suddenly.

Funeral services were conducted Wednesday afternoon at 4:00 o'clock at the Fairview Baptist Church, six miles southeast of Hamlin. Officiating were Rev. K. E. Woolley of Benjamin, former pastor of the church, and Rev. M. E. Randolph of Abilene. Burial was in the Fairview Cemetery under direction of the Hamlin Funeral Home. Pallbearers were R. L. Faulkenberry, John Brown, Dick Cypert, Vernon Harris, Ralph Riddle and Ezra Shira.

Born September 26, 1882, in Coryell County, Downey was son of Mr. and Mrs. Samuel Downey. He married Annie Viola Neely on December 27, 1903, and they moved to this area in 1906. He was a member of the Baptist Church and of the Woodmen of the World Lodge.

Surviving the retired farmer are two sons, Otis Downey of South Gate, California, and D. T. Downey of Fort Worth; two daughters, Mrs. Ruth Rosenbaum of Hamlin and Mrs. Thelma King of Abilene; and a sister, Mrs. W. T. Slaughter of Slaton; eight grandchildren and seven great-grandchildren.

General Crude Well On Holland Place to Be Completed Soon

Another oil producer northwest of Hamlin was being prepared for production this week as highlight of activity in the region for the past several days.

Operator was running tubing at General Crude Oil Company's No. 3-A Pearce Holland well, eight miles northwest of Hamlin in Fisher County. Seven-inch casing was set at 5,963 feet. Completion will be from six perforations per foot at 5,956-60 feet in lime. Hole is bottomed at 5,963 feet.

A drillstem test taken at 5,951-63 feet recovered 3,740 feet of free oil and 40 feet of heavily oil and gas-cut mud. Location is in Section 103, Block 1 H. & T. C. Railway Company Survey.

Mother Nature takes care of her foolish sons by providing wives to watch over them.

HAPPY RUSSIAN IN TEXAS HAT—Vladimir Matskevich, acting minister of agriculture for the Soviet Union (right) seems pleased with the western hat presented him by Ray Smyth, president of the Fort Worth Farm and Ranch Club, at a dinner after Matskevich started his two-day tour of farms and ranches in the Central Texas area.

Young Evangelist Tells Rotarians of Symbols In Christian Aspects

Emphasis on the idea of Christian symbolism was given by Rev. James Glasscock, when he spoke at the Wednesday noon luncheon of Hamlin Rotary Club at the oil mill guest house. The young evangelist is conducting a youth revival this week at the First Methodist Church.

Details of his talk were similar to those reported in a similar talk made at the Lions Club Tuesday in another column of today's Herald.

Besides the speaker, other visitors at the Rotary luncheon included George F. Barrow, Fred Barrow and O. D. Dillingham of Abilene; Rev. Donald Wellman and Rev. Darris Egger, pastors of Hamlin churches.

ASC NOMINEES

(concluded from page one)

Richard Carl Jackson, J. D. Poland, J. Alton Propst, J. C. Rainwater, Earl F. Scott, William T. Sloan and Herman T. Steel.

These individuals were selected by a nominating committee composed of three eligible voters from each community. The five persons receiving the highest number of votes for each community will be declared elected. The person receiving the highest vote in each community will be chairman and the four community chairmen will name the county committee. All new committeemen elected will begin their period of service September 1.

Community and county committees play an important part in the administration of the various ASC programs and Cook urges all eligible farmers to exercise their privilege of voting in the election. Any voters who do not receive ballots by mail may obtain them at the ASC office in Anson.

Speeding on U. S. streets and highways last year killed 12,389 men, women and children.

PLEASANT MEDICINE.

"Let me kiss those tears away, sweetheart," begged the suitor. She fell into his arms and he was very busy for a few moments, but the tears flowed on.

"Will nothing stop them?" he asked breathlessly.

"No," she murmured, "it's hay fever, but go on with the treatment."

Schedule of Pre-School Registration Released By Principal Newberry

Schedule of pre-school registration of high school students was released this week by B. V. Newberry, Hamlin High School principal. The schedule follows:

All seniors will register Monday morning, August 22, from 9:00 to 10:30 a. m.; juniors will register Monday morning from 10:30 to 12:00 noon; sophomores will register Monday afternoon from 1:00 to 2:30 p. m.; and freshmen will register Monday afternoon from 2:30 to 5:00.

Students unable to register at the times designated may register Tuesday morning, Newberry announces. Students not registered on Monday or Tuesday will register the first day of school on August 29, beginning at 9:00 o'clock a. m.

Evangelist on Symbols Luncheon

"Symbols" was the interesting talk by Glascock, young evangelist, at the Tuesday noon of the Hamlin Lions Club. Glascock, a junior minister at McMurry College, Abilene, is leading in a revival this week at the Methodist Church.

Glascock pointed out how the symbols of the cross had been used for centuries, not only in religious aspects but in those of peace, medicine, etc. He traced various other symbols of vital importance to the day-to-day life of people, especially Christians. He cited the symbols of civic clubs, lodges, and other groups. His talk focused attention on symbols that have been used to represent the three things of the holy trinity.

Glascock was presented as a guest of the club. He was a member of the Denton

John Norton on Way To Germany Station

Airman Third Class John E. Norton, son of Rev. and Mrs. Joe Norton of Hamlin, flew August 2 to New York following a 30-day leave with homefolks. After processing there he will be stationed in Lautstahl, Germany.

Young Norton has just completed a course in reciprocal engines at Chanute Field near Rantoul, Illinois, where he received a certificate of award for leading his class.

New Furniture Placed In Schools at Hamlin

Number of new pieces of furniture are being installed in the Hamlin Schools, according to Superintendent I. R. Huchingson.

New oak tables and chairs have been placed in the revamped library at high school. Sixty new combination desk-chair units will go into service at the high school, and 16 of these were placed in the sixth and seventh grade room at DePriest Colored School.

Lions Club, and expects to transfer to the Hamlin club. Croan is new manager of the Winn Variety Store in Hamlin.

Matt Downey Dies Tuesday on Place Of Heart Attack

Matt Downey, retired farmer of the Neinda community, south of Hamlin, succumbed to a heart attack Tuesday morning about 7:00 o'clock at the family home at Neinda. He had not been ill, and the end came suddenly.

Funeral services were conducted Wednesday afternoon at 4:00 o'clock at the Fairview Baptist Church, six miles southeast of Hamlin. Officiating were Rev. K. E. Woolley of Benjamin, former pastor of the church, and Rev. M. E. Randolph of Abilene.

Burial was in the Fairview Cemetery under direction of the Hamlin Funeral Home. Pallbearers were R. L. Faulkenberry, John Brown, Dick Cyfert, Vernon Harris, Ralph Riddle and Ezra Shira.

Born September 26, 1882, in Coryell County, Downey was the son of Mr. and Mrs. Samuel Downey. He married Annie Viola Neely on December 27, 1903, and they moved to this area in 1906.

He was a member of the Baptist Church and of the Woodmen of the World Lodge.

Surviving the retired farmer are two sons, Otis Downey of South Gate, California, and D. T. Downey of Fort Worth; two daughters, Mrs. Ruth Rosenbaum of Hamlin and Mrs. Thelma King of Abilene; and a sister, Mrs. W. T. Slaughter of Slaton; eight grandchildren and seven great-grandchildren.

General Crude Well On Holland Place to Be Completed Soon

Another oil producer northwest of Hamlin was being prepared for production this week as high-light of activity in the region for the past several days.

Operator was running tubing at General Crude Oil Company's No. 3-A Pearce Holland well, eight miles northwest of Hamlin in Fisher Courts. Seven-inch casing was set at 5,963 feet. Completion will be from six perforations per foot at 5,956-60 feet in lime. Hole is bottomed at 5,963 feet.

A drillstem test taken at 5,951-63 feet recovered 3,740 feet of free oil and 40 feet of heavily oil and gas-cut mud. Location is in Section 103, Block 1 H. & T. C. Railway Company Survey.

Mother Nature takes care of her foolish sons by providing wives to watch over them.

HAPPY RUSSIAN IN TEXAS HAT—Vladimir Matskevich, acting minister of agriculture for the Soviet Union (right) seems pleased with the western hat presented him by Ray Smyth, president of the Fort Worth Farm and Ranch Club, at a dinner after Matskevich started his two-day tour of farms and ranches in the Central Texas area.

Young Evangelist Tells Rotarians of Symbols In Christian Aspects

Emphasis on the idea of Christian symbolism was given by Rev. James Glascock, when he spoke at the Wednesday noon luncheon of Hamlin Rotary Club at the oil mill guest house. The young evangelist is conducting a youth revival this week at the First Methodist Church.

Details of his talk were similar to those reported in a similar talk made at the Lions Club Tuesday in another column of today's Herald.

Besides the speaker, other visitors at the Rotary luncheon included George F. Barrow, Fred Barrow and O. D. Dillingham of Abilene; Rev. Donald Wellman and Rev. Darris Egger, pastors of Hamlin churches.

ASC NOMINEES

(concluded from page one)

Richard Carl Jackson, J. D. Poland, J. Alton Probst, J. C. Rainwater, Earl F. Scott, William T. Sloan and Herman T. Steel.

These individuals were selected by a nominating committee composed of three eligible voters from each community. The five persons receiving the highest number of votes for each community will be declared elected. The person receiving the highest vote in each community will be chairman and the four community chairmen will name the county committee. All new committeemen elected will begin their period of service September 1.

Community and county committees play an important part in the administration of the various ASC programs and Cook urges all eligible farmers to exercise their privilege of voting in the election. Any voters who do not receive ballots by mail may obtain them at the ASC office in Anson.

Speeding on U. S. streets and highways last year killed 12,386 men, women and children.

Improved Ranges Account for Lower Receipts of All Types of Stock at Market

Receipts of all classes of livestock dropped well below a week ago and were also comfortably behind a year ago at Fort Worth and all around the major marketing circle on Monday, declares Ted Gouldy, special market reporter for The Herald, in his weekly release. The report continues: Several factors appear to be involved in the low receipts. Many areas in process of recovery from drought are holding livestock for later sale than was the case when in the grip of the dry time last year. Those pounds are sorely needed to help the stockmen recover financially.

Restocking in many sections is proceeding rapidly. That means fewer cattle and sheep for immediate sales as the ranges are being filled up again.

Expectations of bumper feed crops at nearly all points of the country make many livestock farmers look with interest on using some of their feed on home grown cattle or hogs or lambs.

This week we read reports from Corn Belt, Southeastern and Southern states, as well as from the Southwest. Uniformly optimistic crop prospects were seen, with much of the feed stuffs due to stay out of government loans.

Big roughage crops practically everywhere in the farming sections points to interest in feeder cattle and lambs in the coming months.

Much of the year's calf crop will be marketed as fat yearlings

after January 1 if present intentions of Southwestern farmers are carried through.

Grain-fed cattle were very scarce, a few topping at \$22 at Fort Worth Monday. Other cattle and calves found trade active and prices steady to strong. Packers still show little enthusiasm for fat cows, but with most cows carrying some tallow they are getting better in stable markets.

Comparative prices: Good and choice steers and yearlings, \$19 to \$21 (quotable to \$23.50); common and medium cullers, \$13 to \$18; rams, \$10 to \$12.50; fat cows, \$10 to \$12.50; canners and cutters, \$7 to \$10.50; bulls, \$10 to \$14. A load of 791-pound bulls from W. H. Hammon of Wichita Falls topped at \$14.75.

Good and choice slaughter calves brought \$16 to \$19.50; common and medium, \$12 to \$15.50; culls, \$9 to \$10; steer yearlings, \$15 to \$20; steer yearlings, \$19 down; and stocker heifers and heifer calves sell \$2 to \$3 under comparable steers unless fat enough to attract packer bids. Stocker cows sold around \$7 to \$11.50.

The smaller offering of hogs around the market loop resulted in stiffer prices Monday at Fort Worth. Top hogs sold at \$16.75 to \$17.25 or 25 to 50 cents above last week's close. Sows at \$10 to \$15 sold around 50 cents higher. Lightweight butchers were again least favored and sold \$1 to \$2 under top hogs, while heavier weights sold around 50 cents to \$1 under.

Salesmen report some headway in getting the better meat type hogs sold to some advantage, and some hog feeders from around Reisel and Mart on the yards for the first time in some years reported this program highly pleasing to them.

Fat lambs topped at \$18 at

Patients Dismissed—James Lee

Fort Worth Monday. This was par with the best price late last week. However, some of the fairly good lambs were unevenly higher kind considered. Feeders topped at \$15, and again country demand was noticeable in the trade.

Very few ewes of suitable breeding ages are coming to market and those that do are snapped up at strong prices. Much of the big sheep country in West Texas is busily restocking and prospects for a much larger lamb crop next year look good—if the range continues its comeback.

More and more interest in farm flocks is developing in other parts of the Southwest.

Prices Monday included: Good and choice fat lambs, \$17 to \$18; common and medium, \$13 to \$16; culls, \$10 to \$12; feeder lambs, \$13 to \$15; fat yearling wethers, \$13 to \$15; cull to medium yearlings, \$8 to \$11; slaughter ewes, \$4 to \$5; old bucks around \$4; aged wethers, \$7 to \$12; breeding ewes, \$6 to \$12 or higher.

LAST WEEK'S MYSTERY FARM PICTURE (above) was first correctly identified by C. C. Renfro as the place of the S. C. Fergusons Jr., located two miles east of Hamlin. The Fergusons purchased the farm last year from Alfred Dutton. The farm's 140 acres are devoted to the raising of cotton and wheat. Modern farming methods are practiced on the farm.

Three School People Attend HE Conference

Superintendent I. R. Huchingson, Mrs. Joe Wayne Carter and Mrs. James E. Simmons, teachers in the homemaking department at Hamlin High School, have been in Fort Worth all this week attending the annual in-service training conference of Texas homemaking teachers.

Mrs. Simmons is chairman of the Area 4 advisory council which met Monday at the Hotel Texas. Huchingson is on the council as a representative of school superintendents. He also acted as a consultant at two of the sessions on curriculum planning for homemaking education. Mrs. Carter has acted as a group leader during the conference.

Mounting Interest in TU Revival at Church

Mounting interest is being demonstrated in the Training Union revival scheduled to begin Sunday evening at the North Central Avenue Baptist Church, according to Rev. Woodrow McHugh, pastor.

Classes for every age are slated to be held Sunday through Friday evenings under the direction of Mrs. Pat Crawford of Eastland, announces Bob Cary, TU director of the local church. Members of the church and others are invited to attend.

C. C. Renfro First To Identify Last Week's Farm View

Mystery farm picture printed in last week's issue of The Herald was first correctly identified by C. C. Renfro of Hamlin as that of the place of S. C. Ferguson Jr., two miles east of Hamlin. A one-year subscription will be given to Renfro, and the original aerial picture has been presented to the Fergusons.

The 140-acre place was purchased last year by the Fergusons from Alfred Dutton. Previous owner was T. B. Middleton. Fifty acres of the place is devoted this year to growing of cotton, and 90 acres was planted to wheat. Modern farming methods are used on the place, and soil and water conservation practices are being employed.

The Fergusons were married in 1948. They have three children: Sammy, five; Jana, three; and Jean, one year old. They are members of the Hamlin First Baptist Church.

The Ferguson place was the source of much water that was hauled to Hamlin during the water shortages.

So-you get a triple bonus in today's top-selling Buick

You can come in right now on a Buick dividend distribution that's like money in the bank for you. And a look at the nation's new-car sales figures will tell you why.

This year, Buick is doing far better than just outselling all cars in America except the two most widely known smaller ones. This year, Buick sales are soaring past every high-water mark in the book—past 600,000 cars—and we're still going strong.

So we're declaring an extra dividend—for you. On top of the long trade-in allowances we have been making all year, we're adding a profit-sharing bonus allowance.

But you'll be getting a lot more than a great deal. You'll be getting a great car—the hottest-selling Buick in history.

You'll be getting Buick's far-in-advance

styling, Buick's mightiest V8 power, Buick's highly envied all-coil-spring ride, Buick's extra size and room and comfort and solidity of structure. And you'll be getting the performance thrill of the year—Variable Pitch Dynaflo®—the switch-pitch transmission that's taken the country by storm.

Come in today and see for yourself that there's never been a car like this before—and never a deal so easy to make.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick—

Biggest-selling Buick in History!

Improved Ranges Account for Lower Receipts of All Types of Stock at Market

Receipts of all classes of livestock dropped well below a week ago and were also comfortably behind a year ago at Fort Worth and all around the major marketing circle on Monday, declares Ted Goudly, special market reporter for The Herald, in his weekly release. The report continues: Several factors appear to be involved in the low receipts. Many areas in process of recovery from drought are holding livestock for later sale than was the case when in the grip of the dry time last year. Those pounds are sorely needed to help the stockmen recover financially.

Restocking in many sections is proceeding rapidly. That means fewer cattle and sheep for immediate sales as the ranges are being filled up again.

Expectations of bumper feed crops at nearly all points of the country make many livestock farmers look with interest on using some of their feed on home grown cattle or hogs or lambs.

This week we read reports from Corn Belt, Southeastern and Southern states, as well as from the Southwest. Uniformly optimistic crop prospects were seen, with much of the feed stuffs due to stay out of government loans. Big roughage crops practically everywhere in the farming sections points to interest in feeder cattle and lambs in the coming months.

Much of the year's calf crop will be marketed as fat yearlings

after January 1 if present intentions of Southwestern farmers are carried through.

Grain-fed cattle were very scarce, a few topping at \$22 at Fort Worth Monday. Other cattle and calves found trade active and prices steady to strong. Packers still show little enthusiasm for fat cows, but with most cows carrying some fallow they are getting better in sizeable numbers.

Comparative prices: Good and choice steers and yearlings, \$19 to \$21 (quotable to \$23.50); common and medium crossers and culls, \$13 to \$18; ramblers, \$10 to \$12.50; fat cows, \$10 to \$12.50; canners and cutters, \$7 to \$10.50; bulls, \$10 to \$14. A load of 791-pound bulls from W. H. Hammon of Wichita Falls topped at \$14.75.

Good and choice slaughter calves brought \$16 to \$19.50; common and medium, \$12 to \$15.50; culls, \$9 to \$10. Stocker steers, 15 to \$20; steer yearlings, \$19 down; and stocker heifers and heifer calves sell \$2 to \$3 under comparable steers unless fat enough to attract packer bids. Stocker cows sold around \$7 to \$11.50.

The smaller offering of hogs around the market loop resulted in stiffer prices Monday at Fort Worth. Top hogs sold at \$16.75 to \$17.25 or 25 to 50 cents above last week's close. Sows at \$10 to \$15 sold around 50 cents higher. Lightweight butchers were again least favored and sold \$1 to \$2 under top hogs, while heavier weights sold around 50 cents to \$1 under.

Salesmen report some headway in getting the better meat type hogs sold to some advantage, and some hog feeders from around Reisel and Mart on the yards for the first time in some years reported this program highly pleasing to them.

Fat lambs topped at \$18 at

A fine fuel—is what you'll say about Butane Gas—it's economical too

Brown, medical, August 8; Mrs. James Hood of Sylvester, medical, August 8; Mrs. Eugene Smith, ob., August 9; Mrs. Richard Herring of Stamford, ob., August 8.

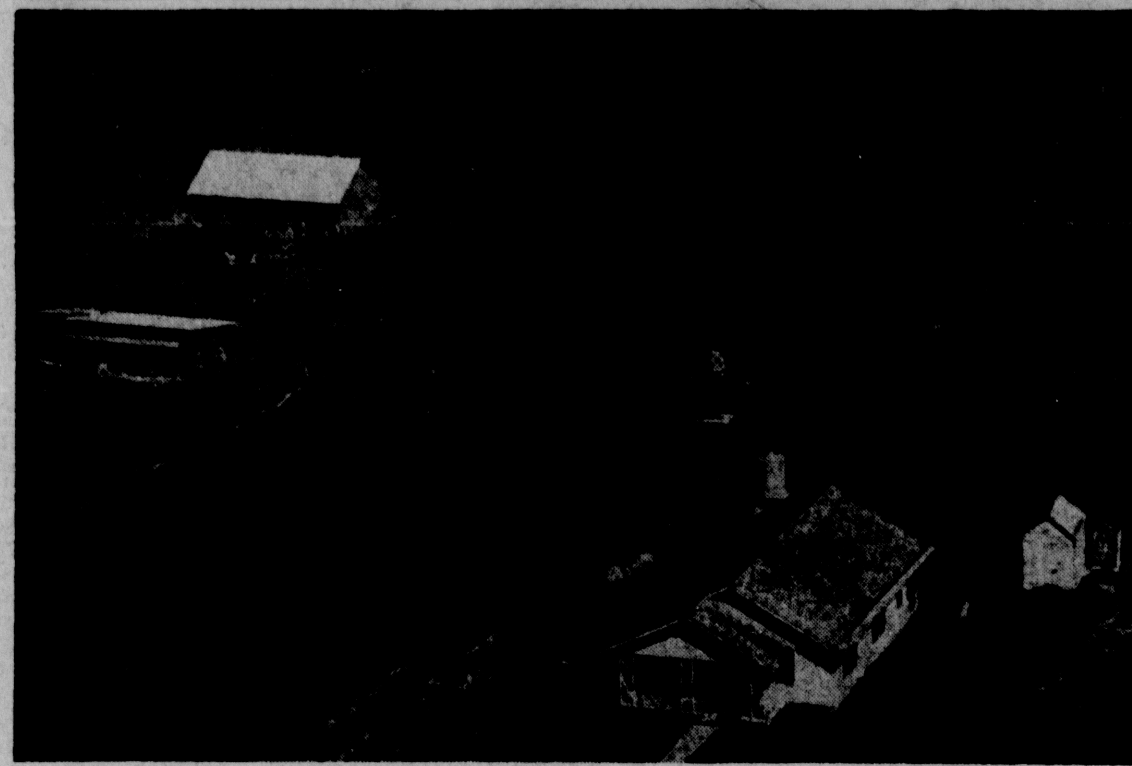

Patients Dismissed—James Lee

Fort Worth Monday. This was par with the best price late last week. However, some of the fairly good lambs were unevenly higher kind considered. Feeders topped at \$15, and again country demand was noticeable in the trade.

Very few ewes of suitable breeding ages are coming to market and those that do are snapped up at strong prices. Much of the big sheep country in West Texas is busily restocking and prospects for a much larger lamb crop next year look good—if the range continues its comeback.

More and more interest in farm flocks is developing in other parts of the Southwest.

Prices Monday included: Good and choice fat lambs, \$13 to \$18; common and medium, \$10 to \$16; culls, \$10 to \$12; feeder lambs, \$13 to \$15; fat yearling wethers, \$13 to \$15; cull to medium yearlings, \$8 to \$11; slaughter ewes, \$4 to \$5; old bucks around \$4; aged wethers, \$7 to \$12; breeding ewes, \$6 to \$12 or higher.

LAST WEEK'S MYSTERY FARM PICTURE (above) was first correctly identified by C. C. Renfro as the place of the S. C. Fergusons Jr., located two miles east of Hamlin. The Fergusons purchased the farm last year from Alfred Dutton. The farm's 140 acres are devoted to the raising of cotton and wheat. Modern farming methods are practiced on the farm.

Three School People Attend HE Conference

Superintendent I. R. Huchingson, Mrs. Joe Wayne Carter and Mrs. James E. Simmons, teachers in the homecoming department at Hamlin High School, have been in Fort Worth all this week attending the annual in-service training conference of Texas homecoming teachers.

Mrs. Simmons is chairman of the Area 4 advisory council which met Monday at the Hotel Texas. Huchingson is on the council as a representative of school superintendents. He also acted as a consultant at two of the sessions on curriculum planning for homecoming education. Mrs. Carter has acted as a group leader during the conference.

Mounting Interest in TU Revival at Church

Mounting interest is being demonstrated in the Training Union revival scheduled to begin Sunday evening at the North Central Avenue Baptist Church, according to Rev. Woodrow McHugh, pastor.

Classes for every age are slated to be held Sunday through Friday evenings under the direction of Mrs. Pat Crawford of Eastland, announces Bob Cary, TU director of the local church. Members of the church and others are invited to attend.

Griggs of Aspermont, August 2; F. F. Shout, July 28; Mrs. S. P. Cox of McCauley, July 30; Laverne Stewart, August 2; Mrs. Frank Herrington, August 6; Annette Herrington, August 5; Melvin Green of McCauley, August 2; Mrs. Harold Reed of Sylvester, August 2; L. V. Hill of Lueders, August 6; Mrs. W. D. Waldon of Roby, August 6; Linda Berry, August 1; Mrs. Wayne Yarbrough of Aspermont, August 4; Mrs. Jim Anderson of Aspermont, August 2; Mrs. Albert Neely of Rotan, August 6; Teresa Kidwell, August 4; Joe Don Kidwell, August 4; Thomas Hart, August 3; Mrs. R. "Hot Flashes Stopped" or strikingly relieved

In 63-80% of cases in doctors' tests
If you're miserable from the "hot flashes" and accompanying irritability, restlessness, feelings of "change of life"—you may be suffering unnecessarily!
For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!
Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change."
So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful too for the functional pains of menstrual periods.)
It acts through a woman's sympathetic nervous system to relieve distress of these awful "hot waves!"

C. C. Renfro First To Identify Last Week's Farm View

Mystery farm picture printed in last week's issue of The Herald was first correctly identified by C. C. Renfro of Hamlin as that of the place of S. C. Ferguson Jr., two miles east of Hamlin. A one-year subscription will be given to Renfro, and the original aerial picture has been presented to the Fergusons.

The 140-acre place was purchased last year by the Fergusons from Alfred Dutton. Previous owner was T. B. Middleton.

Fifty acres of the place is devoted this year to growing of cotton, and 90 acres was planted to wheat. Modern farming methods are used on the place, and soil and water conservation practices are being employed.

The Fergusons were married in 1948. They have three children: Sammy, five; Jana, three; and Jean, one year old. They are members of the Hamlin First Baptist Church.

The Ferguson place was the source of much water that was hauled to Hamlin during the water shortages.

Joyce Cooper and Walter Willis Say Wedding Vows in Church Rites Sunday

Joyce Laverne Cooper and Walter Ray Willis repeated vows Sunday afternoon at the First Baptist Church that made them man and wife. The ceremony, performed by Rev. Woodrow McHugh, pastor of the North Central Avenue Baptist Church, was at 2:00 o'clock.

The bride is the daughter of Mr. and Mrs. O. L. Cooper of Hamlin, and young Willis is the son of Mr. and Mrs. Joe Stuart, also of Hamlin.

The couple stood before an improvised arch of greenery topped with white daisies. Giant baskets at each side of the arch held

white gladiolas. The double ring ceremony was used.

Maid-of-honor was Jeannette Adams, friend of the bride; bridesmaids were Shirley Willis, sister of the bridegroom, and Wynama Hayes, cousin of the bride. Best man was Franklin Willis, brother of the bridegroom. Groomsman was Tommy Hester and Bobby Norton. Ushers were Bobby Lee Haight and Ronald Hill, friend of the groom from Albany.

The bride was dressed in an all-over lace model over white satin. The gown had long pointed sleeves with buttons down the back. She carried a bouquet of pink roses edged with white stephanotis.

The bridesmaids were dressed in pastel shades of orchid, green and pink overskirts over taffeta. The bridegroom and attendants were dressed in black trousers and white jackets.

For going-away the bride wore a beige suit trimmed in brown with brown accessories. The newlyweds went to Carlsbad, New Mexico, and other points west for a wedding trip. They are

Joe Bigham Honored At Gift Tea in Home Of Mrs. Don Wellman

Joe Bigham, bride-elect of Robert Cary Jr., was honored Friday evening with a tea in the home of Mrs. Don Wellman, 112 North-west Avenue D. Co-hostesses were Meses Joe Allen Dean, E. G. Smith, W. H. Murphree, M. S. Johnson, J. W. Reynolds, J. S. Norton and Raleigh Reynolds.

Mrs. Wellman greeted guests as presented them to Miss Bigham; her mother, Mrs. Thomas Bigham; Mrs. Robert Cary Sr., mother of the intended groom; and Patty Bigham, sister of the bride-elect.

Mrs. M. S. Johnson registered the guests in a hand-made heart-shaped book covered with satin and lace and topped with a gardenia. An array of gifts was displayed by Mrs. J. W. Reynolds. The serving table was laid with a white lace cloth over pink. The centerpiece was a bride in a pink ribbon-covered portrait frame decorated with lilies-of-the-valley standing before an altar of white crepe myrtle and snapdragons. White candles formed a background for the centerpiece.

The crystal punch bowl was banked with pink crepe myrtle. Serving were Mrs. E. Bryant of Council Bluffs, Iowa, mother of Mrs. Wellman, and Mrs. Joe Allen Dean. Good-byes were said by Mrs. Raleigh Reynolds.

Miss Bigham will continue her schooling as a senior in Hamlin High School. Cary is employed at the Celotex Corporation plant. The young couple will make their home in Hamlin following the wedding on August 15.

VISIT FROM CHICAGO. Visitors in the home of Mr. and Mrs. A. H. Abernathy were Mrs. Sarah Coleman and Mrs. Jake Roope of Chicago, Illinois. This was their first trip to Texas. The two women returned to Chicago Wednesday.

Speeding on U. S. streets and highways injured 659,000 men and children in 1954.

making their home in Hamlin. Both the newlyweds are 1955 graduates of Hamlin High School, where they were active in school affairs. She was a member of the Homemaking Club and the Piped Piper Band. He was president of the band last year.

Willis is employed at Piggy Wiggly, and the bride is working at Waggoner Drug.

Hamlin Area Club Women to Be Among Scores Attending Four-County Camp

Scores of women from the clubs of the Hamlin area will be among attendants at the Four-County Home Demonstration Club camp at Lueders next week. Women from Knox, Haskell, Fisher and Jones Counties will meet August 18 and 19 for their annual camp at Lueders.

Registration will be Thursday, August 18, from 2:00 to 3:00 o'clock by Fisher County. Recreation will be from 3:00 to 3:30 by Jones County women. The Jones County recreation chairman, Mrs. O. H. Weaver of the Good Neighbor Club, will be in charge.

Crafts will be featured from 3:30 to 5:30 p. m. under direction of Knox County women. Free time will be from 5:30 to 6:00 p. m. Supper will be from 6:00 to 7:00 p. m. Preparation for skits will be from 7:00 to 8:00 p. m.

Each county will have a 30-minute skit starting at 8:00 and will continue until 10:00 p. m. The Jones County skit will be presented by the Stith club.

Judges for the skits are to be four non-club women, one from each county represented. There are cash awards for the winning skits.

Vespers will be conducted by the Haskell County women. Refreshments will be arranged by

Two Hamlin Girls Get Award for Work at Heart o' Hills Camp

Two Hamlin girls were awarded medals for outstanding achievement in the stated department at the Heart o' the Hills camp for girls near Kerrville.

The silver awards were presented to the girls on the basis of attitude, interest, improvement, conduct, participation, attendance and advancement of skill in the fields. Camp Director Mrs. Kitty Magee, assistant professor in the college of health, physical education and recreation at Texas State College for Women at Denton, made the presentations.

The Hamlin girls were Lou Ann Hawkins, daughter of Dr. and Mrs. Elmer J. Hawkins, who received the junior arts and crafts medal; and Lagena Weaver, nine-year-old daughter of Mr. and Mrs. Irby Weaver, who received the junior dance medal.

Bunny Glenn to Wed Jimmy McElyea

Mr. and Mrs. H. D. Glenn of Route 4, Hamlin, are announcing the engagement and approaching marriage of their daughter, Bunny, to Jimmy McElyea, son of Mr. and Mrs. Clay McElyea of Sylvester.

The wedding vows will be solemnized at 5:00 p. m. September 10 in the home of the bride-elect's parents.

Miss Glenn is a senior in Hamlin High School. Young McElyea is now employed in the oil fields.

VISITS WITH SON.

Mrs. W. E. Rogers is on an extended visit with her son, Thoran, and family in California.

VACATION LAST WEEK.

John D. Ferguson and family, Art Carmichael and family and Dana Carmichael spent last week at Ruidoso and Cloudercroft, New Mexico, on a vacation.

VISIT GRANDPARENTS.

Jimmy, Robert and Mignon Crawford of Merkel returned to their home Saturday after a visit with their grandparents, Mr. and Mrs. J. A. Morris and other relatives in Hamlin.

Even a mild mistake must be seen as a mistake in order to be corrected.—Mary Baker Eddy.

Crafts will be featured from 3:30 to 5:30 p. m. under direction of Knox County women. Free time will be from 5:30 to 6:00 p. m. Supper will be from 6:00 to 7:00 p. m. Preparation for skits will be from 7:00 to 8:00 p. m.

Each county will have a 30-minute skit starting at 8:00 and will continue until 10:00 p. m. The Jones County skit will be presented by the Stith club.

Judges for the skits are to be four non-club women, one from each county represented. There are cash awards for the winning skits.

Vespers will be conducted by the Haskell County women. Refreshments will be arranged by

Two Hamlin Girls Get Award for Work at Heart o' Hills Camp

Two Hamlin girls were awarded medals for outstanding achievement in the stated department at the Heart o' the Hills camp for girls near Kerville.

The silver awards were presented to the girls on the basis of attitude, interest, improvement, conduct, participation, attendance and advancement of skill in the fields. Camp Director Mrs. Kitty Magee, assistant professor in the college of health, physical education and recreation at Texas State College for Women at Denton, made the presentations.

The Hamlin girls were Lou Ann Hawkins, daughter of Dr. and Mrs. Elmer J. Hawkins, who received the junior arts and crafts medal; and Lagena Weaver, nine-year-old daughter of Mr. and Mrs. Irby Weaver, who received the junior dance medal.

Bunny Glenn to Wed Jimmy McElyea

Mr. and Mrs. H. D. Glenn of Route 4, Hamlin, are announcing the engagement and approaching marriage of their daughter, Bunny, to Jimmy McElyea, son of Mr. and Mrs. Clay McElyea of Sylvester.

The wedding vows will be solemnized at 5:00 p. m. September 10 in the home of the bride-elect's parents.

Miss Glenn is a senior in Hamlin High School. Young McElyea is now employed in the oil fields.

VISITS WITH SON.

Mrs. W. E. Rogers is on an extended visit with her son, Thoran, and family in California.

VACATION LAST WEEK.

John D. Ferguson and family, Art Carmichael and family and Dana Carmichael spent last week at Ruidoso and Cloudercroft, New Mexico, on a vacation.

VISIT GRANDPARENTS.

Jimmy, Robert and Mignon Crawford of Merkel returned to their home Saturday after a visit with their grandparents, Mr. and Mrs. J. A. Morris and other relatives in Hamlin.

Even a mild mistake must be seen as a mistake in order to be corrected.—Mary Baker Eddy.

State Capitol NEWS

By Verne Sanford, Manager,
Texas Press Association.

Austin.—Whether Texas school laws have been nullified is under a state-wide advisory committee's study.

Governor Allan Shivers outlined major desegregation problems at a five committee initial meeting last week. Although he denounced the U. S. Supreme Court decision, he said the answer was not in defiance. He recommended adjustment in the best interest of Texas school children.

Shivers said an El Paso district court decision ordering desegregation at Texas Western College may necessitate rewriting the Gilmer-Aiken laws. School money now is allocated on the basis of separate, but equal, facilities for white and colored.

Bi-racial, the group includes 34 community leaders appointed by the governor and eight legislators named by the House speaker and lieutenant governor.

Will Morris Crews, San Antonio lawyer and contractor, was named to head a 12-member executive committee. A legal sub-committee will study legislative needs.

Areas of study suggested by the governor:

1. What to do about present compulsory attendance and compulsory segregation laws.
2. Whether either white or colored children can be forced to attend a certain school, or integrate against their will.
3. Ways and means of giving maximum authority to local school districts.

Children under 10 and expectant mothers have won priority recognition for Texas' supply of commercial Salk vaccine.

Such preference was recommended by the state polio vaccine committee. Dr. Henry Holle, state health commissioner, called the group to decide how the 36,450 vaccine doses released to Texas should be used.

Recommended use was split, 93 per cent commercially, 17 per cent by public agencies.

Agencies were asked to order through retail outlets not from manufacturers. Doctors were also urged to keep accurate records.

Nationally, it had suggested preference be given children five to nine years' old. Basis for the change in Texas was record showing 44 per cent of paralytic polio last year hit children under five.

Though the state vaccine committee has no official authority, it anticipated no difficulty in getting cooperation. Its nine members represent top officials and leaders in the medical, pharmaceutical and osteopathic professions.

Reuben Senterfitt last week announced that a fellow San Saban,

Kelly Owen, will direct his campaign for governor.

Owen will have his first political experience when Senterfitt's 22-member steering committee meets in Austin August 17.

The multi-million dollar public school land leasing operations apparently are not involved in Texas' land scandal.

State Land Commissioner J. Earl Rudder testified last week he had found no evidence of school land irregularities.

Rudder's testimony was in the wind-up of a court of inquiry. Begun in April, it was conducted by the attorney general's department.

Emphasis has been on land office activities other than the veterans' program. Multiple investigations in the latter area resulted in 319 indictments and conviction of Former Land Commissioner Bascom Giles.

Rudder said he still is sending files of questionable veterans' land transactions to district attorneys.

Other witnesses told of land in Mexico traded under the veterans' program, and of questionable block deals in Maverick County.

Investigation of these stories was begun immediately by the attorney general's department.

As a postscript to the Bascom Giles theft trial, Travis County has a bill for \$542.20. This was the cost of putting juries in air conditioned hotel rooms. One juror had become ill from stifling courthouse dormitory heat, thus threatening a mis-trial.

Plans for courthouse air conditioning have since been initiated.

Mobilization in a "battle for survival" against water shortage is urged by State Senator Dorsey B. Hardeman of San Angelo.

Hardeman heads the Texas water resources committee which met last week to review water conservation action by the recent Legislature.

He recommended farm and business interests and local leaders organize to make Texans water conscious. Recommendations for future government action will be in the committee's biannual report September 1.

Estimated value of construction in Texas hit an all-time peak the first half of 1955. It prompted prediction for a new overall business record this year from the University of Texas Bureau of Business Research. Only a severe decline, said bureau experts could bring down the average—11 per cent higher than in 1954.

IN THE MAJORITY.

The world is full of people who speak twice before they think.

Delia Carol Nichols Honored on Birthday

Delia Carol Nichols celebrated her eighth birthday with a party at the City Park for friends.

After a series of games, Mrs. R. L. Nichols and Mrs. Andy Bundus served refreshments to the following: Sandra Wike, Carol Ann Seals, Waunelle Williams, Carolyn and Marilyn Reynolds, Eddie, Carolyn and Tommy McHugh, Sam, Jean and June Bond, Sheila Stone, Dewayne and Keith Dundus, W. A. Turner, and Buster, Sue and Delia Nichols.

Several who could not attend the party sent gifts, and those from out-of-town were from Mrs. L. A. Jensen of San Bernardino, California, and Mrs. Cordie Nichols of San Angelo.

Reception Follows Cooper-Willis Rituals

Following the Cooper-Willis marriage rites Sunday afternoon at the First Baptist Church, a reception for the wedding party was held in the church basement.

The serving table was laid with an ecru lace cloth over white taffeta. It was centered with a tiered wedding cake, and punch bowls at each end of the table were surrounded with flowers.

Lynda Carlton registered the guests as they entered the room. Serving the cake and punch were Whynama Hayes, Martha and Mary Jo Hubbard.

Get paper clips at The Herald.

House Guest Feted at Slumber Party Monday

Elizabeth Norton honored her house guest, Carolyn Stout, the daughter of Rev. and Mrs. Wayne Stout of Paducah, former Hamlin residents, with a slumber party Monday night.

Guests were Mary Jo Hubbard, Annette Smith, Linda Carlton, Mary Ann Willbanks, Janis Crowley, Cel Albritton, Judy Harden and Sandra and Carroll Brown of Imperial, who are visiting their grandmother, Mrs. Ethel Carroll, in Hamlin.

VISIT IN MID TEXAS.

Mr. and Mrs. O. L. Cohorn and daughter, Marsha, visited with relatives at Glen Rose, Elm Mott, Blooming Grove and Austin. They returned home last Thursday.

Step in . . . and command the most modern truck power on any job!

New Chevrolet Task-Force Trucks

Seven new "high-voltage" high-compression valve-in-head engines!

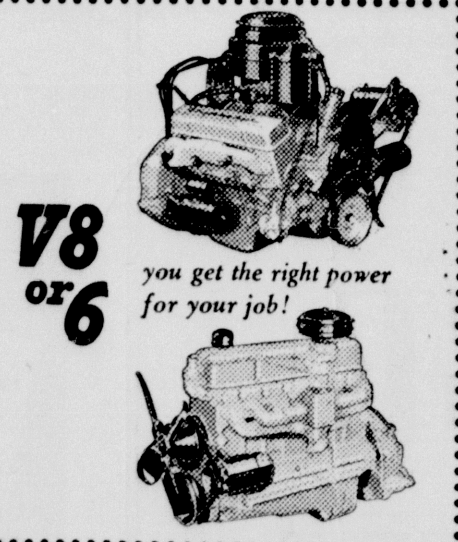

You've got it good under the hood with a new Chevrolet Task-Force truck! With two new V8's and five new sixes to choose from, you can pick the power that does your kind of hauling best.

Shortest-stroke V8's in any leading truck! They're of modern oversquare design, which means that the piston stroke is smaller than the bore. The

result is less piston travel per mile . . . longer engine life.

Modern 12-volt electrical system! It delivers twice the punch for quicker cold-weather starting. It also provides a hotter, fatter spark for better ignition.

Come in and command the most modern truck power for your job!

V8 or 6

you get the right power for your job!

Year after year . . . America's best-selling truck!

Some Damage Continues to Be Inflicted On Cotton in Area by Assorted Insects

Damages continue to be inflicted on the cotton fields of the Northwest Texas area of which Jones and Fisher Counties are a part, according to the weekly cotton condition report released by the U. S. Department of Agriculture, in cooperation with the Texas Extension Service. Excerpts from the release to The Herald follow:

Crops continued to make good growth in areas that have had good rains. Moisture is needed in certain localities within the North Plains, Northwest, North Central, Northeast, West Coastal and East areas that showers and rains have missed. Moisture conditions were critical in Central, South Central, Southwest and Coastal Bend areas.

Boll weevils increased greatly in cotton that was fruiting in the Southwest, South Central, East, and West Central areas while slight increases occurred in the Central, North Central, Northeast, Upper Coastal, West Cross Timbers and Northwest areas. Weevil migration has begun over most of the East, South Central, Central, North Central and Northeast areas making control difficult.

Worm activity increased considerably in succulent, fruiting cotton in the North Central, Northeast, West Central, West Cross Timbers and Northwest areas, while staying about the same or increasing only slightly in the Southwest, South Central, East, Central, West and North and South Plains areas.

Heavy populations of fleahoppers were reported in many fields of the West Central, West Cross Timbers, Northwest and North and South Plains areas and will cause much damage to the young fruiting cotton if not controlled.

Cabbage loopers increased in the Southwest, South Central, West and North and South Plains areas and are heavy enough to warrant control in some fields.

In the sectional report for the Northwest area, of which Jones and Fisher Counties are a part, the following status was revealed: Fleahoppers were reported increasing in most fields and causing heavy damage to much of the cotton that was beginning to fruit. Bollworms increased considerably in most fields with unusually heavy infestations for this time of the year reported from Nolan, Cottle, Jones and Runnels Counties. Boll weevils were beginning to show up in some fields in the eastern half of the area, but no infestations were reported which would justify control.

Webworms were causing some damage to cotton in Motley, Nolan and Foard Counties. Grasshoppers were damaging cotton somewhat in Wheeler, Runnels, Motley, Jones, Wichita, Nolan and Fisher Counties. Lygus bugs were reported in some cotton fields of Motley and Runnels Counties. Light to heavy spotted infestations of aphids and spider mites were observed in several fields of Runnels and Wheeler Counties.

AWAITS MISS AMERICA CONTEST—Miss June Prichard of Seymour, named Miss Texas of 1955, selects her wardrobe while visiting in Dallas. Miss Prichard who entered the Miss Texas contest in Tyler as Miss Odessa, will represent Texas in the Miss America contest in Atlantic City, New Jersey, September 5. The blonde beauty is 23 years old, stands five feet, six inches and weighs 123 pounds. Her measurements are 38-24-37.

4-H Club Boys and Agent Attend District Camp at Wichita Falls

County Agent Bill Lehmberg and four Jones County 4-H Club members left Tuesday morning to attend the annual 4-H Club boys' camp for District III at Perkins Boy Scout Camp, 14 miles north of Wichita Falls.

Club members attending the camp include Ronnie Sosine of Anson, Tommy Franklin and Kenneth Vance of Hawley and Ray Johnson Jr. of Hamlin.

Four-H Club boys and agents from all counties in District III are attending the camp. Camp will break up at 1:15 p. m. Thursday.

Some of the activities of the camp included track and field events, baseball, horseshoe pitching, demonstrations, talent show, swimming, panel discussions, safety program and council meeting.

RIGHTFUL NOMER.

Diner—"That ham sandwich I just ate should have been called a Highlander sandwich."

Waiter—"Why?"

Diner—"The bread was so thin the meat was coming through the rye."

Mrs. R. A. Crockett Dies After Illness At Hamlin Hospital

Mrs. R. A. Crockett, wife of an early day farmer of the Hamlin section, died at the Hamlin Memorial Hospital Saturday evening at 7:35 o'clock after a two-year illness. She had been in the hospital for seven weeks. She was 84 years of age.

Born March 25, 1871, in Tennessee, she was the daughter of Mr. and Mrs. James Palmer. The family came to Texas when she was a girl, and she was married at Hamlin in 1907. She had been a resident of the Hamlin section for 48 years.

Funeral services for the octogenarian were conducted Monday afternoon at 2:00 o'clock at the Hamlin First Baptist Church, where she had been a long-time member. Officiating were Rev. H. E. East of Arlington, former pastor of the local church, and Rev. Miles B. Hays of Lueders.

Burial was in the Hamlin East Cemetery under direction of the Hamlin Funeral Home.

Surviving Mrs. Crockett are one son, Curtis Martin of Hamlin; a brother, M. S. Palmer of Brownsville; and one great-grandchild.

Pallbearers were Mack Brundage, Frank Waggoner, Clarence Bailey, J. M. Stubbs, Tate May, E. C. Feagan Sr., Buddy Watson and Claude Lancaster.

We are about ready to join the first union that comes out with a four-hour day with 10 hours' pay.

J. W. Griffin Honored On Eightieth Birthday By Family Sunday

J. W. Griffin, long-time resident of the Hamlin area, was honored Sunday by his children, grandchildren and friends as he celebrated his eightieth birthday.

His children, Mrs. D. A. Brown, J. A. Griffin, T. C. Griffin, Paul Griffin and Leroy surprised him with a television set as a birthday gift. He also received many other gifts from his grandchildren and friends.

A buffet luncheon was served to the honoree and his wife; Mr. and Mrs. Thomas Griffin, Rhonda, Tommie and Gayle; Mr. and Mrs. Paul Griffin, George Paul, Tommy and Rickie; J. A. Griffin, Richard and Jo; Mr. and Mrs. Lee Hastings, Jimmy and Sharon; Mr. and Mrs. D. A. Brown and Bobbie Ruth; Mrs. Freddy Griffin, Clyde Brown, Norma Gist, Mrs. Ada Wilson, Jackie Drummond and Bobbie Sullens.

STARTED EARLY.

Teacher—"How long has your father been unemployed?"

Student—"We don't know exactly; we can't find his birth certificate."

New Courses Being Offered at DePriest

With the addition of a new teacher at DePriest Colored School this year, several subjects are being offered for students at that school for the first time this year, according to E. S. Morgan, principal.

Chemistry, science and shop subjects are being taught this year by Roosevelt Jones, the new instructor. Jones also will assist with the athletic program in the school.

UP GOES CHRYSLER'S PRODUCTION MORE THAN 40% Here you see construction work proceeding on the new Chrysler production facilities which will add 667,000 square feet of floor space . . . including a 1 1/2-mile long continuous conveyor system, longest in the industry.

CHRYSLER'S giant expansion program brings you the greatest new car buying opportunity of the year!

Because of the unprecedented demand for its 1955 models, currently up to a new record high, Chrysler has had to undertake a Giant Plant Expansion Program. When in full production the new plant will provide a 40 per cent increase in Chrysler Windsor V-8 and New Yorker output.

Knowing that building operations would take several months, we have tried to provide enough 1955 Chrysler Windsor V-8's and New Yorkers to meet the demands of our customers through the season. This meant filling our entire year's supply right now in mid-season.

You Get Year's Widest Selection of Models and Color Combinations

Since we tried to anticipate your needs, we can show you a wide selection of

color combinations and body styles, but our supply will never again be as great as it is right now! Indications are that there just will not be enough of all models and body styles to go around.

Your present car will never be worth more in trade

Remember that fact! Right now your present car is worth more in trade than it ever will be again.

And we can allow you more for it than anybody else in town. That's not just talk. There's a good reason for it.

We Need Used Cars

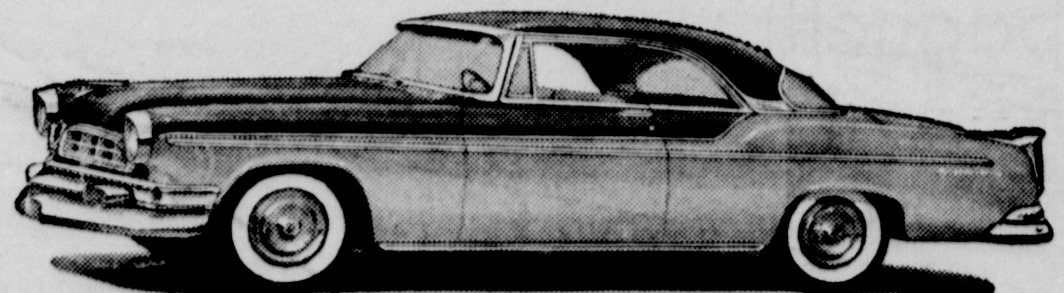

When these new cars are gone, we'll be hungrier than ever for used cars. That's right—as these wonderful new Chrysler buys move out we will be

needing more and more late model used cars. That's a double reason for you to trade for a brand new Chrysler beauty right now. You have the year's finest selection of the popular 1955 Chryslers . . . and, we're in a real trading mood to get our used car stocks in shape.

Take the 100-Million-Dollar Ride Today!

If you've been holding off on buying your new 1955 Chrysler Windsor V-8 or New Yorker, if you've delayed for any reason, better act now.

Because when our present stock of new cars is gone, we can't get any more! So, come in today. Experience the thrill of the 100-Million-Dollar Ride . . . the ride all America is talking about. It will be the smartest new car buy of your life!

All Chrysler Cars are V-8's . . . with the most powerful type of V-8 engine on the road!

USED CAR BUYERS!

Our "Pennant Winners"—which include many late model Chryslers—are the greatest buys in town!
